

Term 4 - News from Year 4

Welcome back to Term 4. Where has the year gone?? In only 8 weeks our students will be finishing for another year and when they return, they will be in Year 5 (only 2 years left of Primary Education - it is scary when you look at it like that).

We had a very exciting finish to last term with both our Science Incursion and our visit to Lone Pine in the last week. We enjoyed playing 'Scientists' with our safety glasses on followed by an amazing time at Lone Pine. We were very excited to see both the cassowary and platypus. We looked for the echidna, but he was hiding as he prefers to come out at night (and we had to return to school before dark....)

Science Incursion

Here are photos of our science incursion where we got to mix some sodium alginate with salt and water to make jelly blobs.

Lone Pine

On Thursday the 18th of September Year 4 boarded a bus, headed for Lone Pine Koala Sanctuary (our bus driver looked a lot like Mr Minchin, so we also learned the word doppelganger)

Below are some of our favourite parts of our visit to Lone Pine.

Laura - Feeding the kangaroo because it's joey was hiding. It was really sweet and let me pat its head.

Harnidh - I loved watching the cassowary because it was making weird sounds.

Rhys - Patting a python because I faced my fears, and he felt so smooth.

Aarav A.- Petting the snake because it was soft, and it was my first time petting a snake.

Alexander - Feeding the kangaroos because they were nearly all hungry and everyone gave me their bags of food.

Mahli - Going to the 'Raptor Show' when the owls and eagles flew over us.

Rydah - Feeding the kangaroos and seeing some big ones.

Farhaad - Looking at the emu.

Thomas - Looking at the crocodile.

Leilani - Feeding the joeys. The way they ate the food was cute and they were soft when I patted them.

Tyler - Watching the shingleback skink walk around because it looked really funny and cool.

Lewis - Feeding the kangaroos was fun because it was a good experience.

Melaniece - Seeing the platypus because they were so cute and one of them was going crazy just swimming around.

Anakin - Feeding the kangaroos because it was only my second time feeding a kangaroo.

Zachary - Feeding the kangaroos.

Nuam - Seeing the koala, kangaroo, cassowary, duck and chicken. I like all of the animals.

Aarav S. - Feeding the kangaroos and seeing one of the joeys going to sleep, it was cute.

Sophia - Touching the soft grey koala fur.

Tia - Feeding the kangaroos and touching the snake, koala and the shell of the turtle.

Elysia - Seeing the turtle blowing air out of the water.

Xavian - Touching a snake because the scales were so smooth to touch.

Skyla - Seeing so many cool animals and talking to some of the animals, particularly Bailey the Emu.

Grace - Feeding the kangaroos because they are so cute.

Manreet - Feeding the kangaroos because we got to pat them while they were feeding, and they were really soft.

Timothy - Seeing the cassowary and the raptor show.

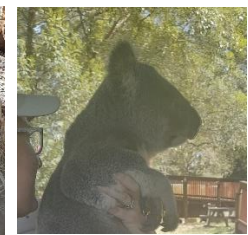

Sienna - Riding on the bus and looking for my house from the bus.

Renee - Seeing the snakes because I love snakes.

Hajin - Going to the raptor show because the birds flew above you.

Take a look at some of our photos.

We need to say a big **THANK YOU** to our adult helpers on the day - Miss Vicki, Chappy Sonia,
Mrs Eske and Mrs Walsh.

Thank You!

Students of the Week

**Congratulations to the following students for receiving
'Student of the Week' certificates at Parade in Term 3, Week 7**

Noah & Hajin

**Congratulations to the following students for receiving
'Student of the Week' certificates at Parade in Week 9**

Renee, Sebastian, Sophia and Zachary

**Congratulations to the following students for receiving
'Student of the Week' certificates at Parade in Term 4, Week 2**

Davis, Ikhran and Rydah

September & October Birthdays

Farhaad, Anakin, Aarav, Tyler, Mahli
