Please ensure your child returns their phonic books and home readers **every** Friday (or Monday).

This week in 1A & 1/2S

Last Wednesday was a very exciting day with visits from both the fire brigade and an oral health team, Dental Health Plus. We learnt all about keeping ourselves safe in the event of a fire and how to look after our teeth properly.

In class, we have been learning how to write to express an opinion. We have been focusing on structuring our writing to make it persuasive by stating our opinion, giving reasons, and finishing with a conclusion. The students have enjoyed practising this through topics such as choosing their favourite book, the best place to play at school, or which pet makes the best companion. It has been wonderful to see them using convincing reasons and growing more confident in sharing their own ideas.
